

WHITE HORSE LABORATORIES

February 3, 2014

To whom it may concern,

This letter hereby confirms that **White Horse Laboratories** supports [VRG Components'](#) procurement and Supply Chain Management commitments to their clients.

White Horse Laboratories is a quality control and laboratory services company with advanced 3PL capabilities in the packaging and handling of electronic components. Our facilities are ISO 9001:2008 and ANSI/ESD S20.20-2007 certified through TUV SUD. We have been at the forefront of the global battle against substandard and counterfeit electronic components for 10 years.

In working closely with **VRG Components'** senior management to establish quality control protocols for each delivery and review laboratory results so that VRG can communicate with their clients to make thoroughly informed accept/reject decisions prior to product shipment.

Those protocols include and are not limited to external visual inspection, X-Ray examination, decapsulation and die analysis, solderability testing, material composition (XRF), and electrical testing to determine the condition, authenticity, and functionality of each delivery.

We applaud and support **VRG's** efforts and commitment to quality and communication and are happy to verify this policy statement through this [link](#) or directly.

With best regards,

Mark A. Rinehart
Managing Director
White Horse Laboratories
[ISO 9001:2008 and ANSI/ESD S20.20.2007 Certified](#)
