VRG Components Ranks Among Highest-Scoring Businesses on *Inc.* Magazine's Annual List of Best Workplaces for 2023

VRG Components named among best workplaces

CHARLOTTE, NC USA (May 9, 2023) – VRG Components has been named to *Inc.* magazine's annual Best Workplaces list. Featured in the May/June 2023 issue and prominently featured on Inc.com, the list is the result of a comprehensive measurement of American companies that have excelled in creating exceptional workplaces and company culture, whether operating in a physical or a virtual facility.

As a WBENC-Certified Women Owned AS9120B/ISO 9001:2015 certified independent global distributor, VRG Components supplies the highest quality hard-to-find, end-of-life, highly allocated, and long lead time electronic components enabling customers to maintain manufacturing operations, bridge supply gaps, reduce costs, manage inventory, and speed time to market.

After collecting data from thousands of submissions, *Inc.* selected VRG Components as an honoree this year. VRG employees took part in an independent survey, conducted by Quantum Workplace, which included topics such as management effectiveness, perks, fostering employee growth, and overall company culture. The organization's benefits were also audited to determine their overall score and ranking.

"We are proud to be a member of this very prestigious list for the second time in three years," said CEO Verena Martin. *"Our commitment to building and maintaining a world class workplace culture is an important part of our growth and success in a very competitive global industry."*

"Being named to Best Workplaces is an honor that only a small fraction of companies are able to claim," says *Inc.* editor-in-chief Scott Omelianuk. *"Proving to the world that you are a magnet for talent and*

have a culture that keeps teams engaged, productive, and proud to come to work is a truly remarkable achievement.”
