

Unless and except to the extent expressly agreed otherwise in writing by the party that is identified in the Purchase Order, these Standard Purchase Order Terms and Conditions (the "Standard Terms") shall apply to all Purchase Orders issued by VRG Components, Inc. located in the United States.

## 1. PURCHASE AGREEMENT

For the purpose of each Purchase Order, the "Purchase Agreement" consists of (i) any supply, purchase, services or other similar written agreement between Buyer and the party to whom a Purchase Order is issued ("Seller") relating to the Goods (defined in Section 4) ordered under the Purchase Order ("Supply Agreement"); (ii) the Purchase Order, (iii) these Standard Terms, (iv) any exceptions to these Standard Terms set forth in, attached to, or identified or referenced in the Supply Agreement (if any), the Purchase Order or otherwise agreed to in writing by Buyer ("Exceptions"), (v) any Special Terms and Conditions set forth in, attached to, or identified or referenced in the Supply Agreement (if any), the Purchase Order or otherwise agreed to in writing by Buyer ("Special Terms"), (vi) any other agreements or documents attached to or identified or referenced in the Purchase Order, these Standard Terms, any Exceptions or any Special Terms ("Other Agreements and Documents"), and (vii) any change orders.

## 2. BUYER

For the avoidance of doubt: (i) the only party that is Buyer and the only party that will have any responsibility, liability, or obligation under or in connection with the Purchase Agreement as Buyer is the party identified in the Purchase Order as Buyer; (ii) VRG Components shall have no responsibility, liability or obligation of any kind under or in connection with the Purchase Agreement unless it is specifically identified in the Purchase Order as Buyer. (For the further avoidance of doubt, if Buyer is referred to as "VRG" or using any other name that includes "VRG" other than "VRG Components", or Buyer is identified as being a subsidiary, division, group or business unit of VRG Components, the Buyer shall not be deemed to be VRG Components, and VRG Components shall have no responsibility, liability or obligation of any kind under or in connection with the Purchase Order; and (iii) no subsidiary, division, group or business unit of VRG Components other than the particular subsidiary, division, group or business unit identified in the Purchase Order as Buyer shall have any responsibility, liability or obligation of any kind under or in connection with the Purchase Order.

## 3. INTERPRETATION

Unless and except to the extent expressly stated otherwise in the Supply Agreement (if any), if there is any difference, inconsistency or ambiguity among the provisions of the Purchase Agreement, precedence shall be given, **first**, to any change orders; **second**, to the Supply Agreement (if any); **third**, to the Purchase Order; **fourth**, to any Special Terms and Conditions; **fifth**, to any Exceptions; **sixth**, to these Standard Terms and Conditions; and **seventh**, to any Other Agreements and Documents signed by both Buyer and Seller. Unless specified otherwise in a change order, the Supply Agreement (if any), the Purchase Order, any Exceptions, any Special Terms and Conditions or any Other Agreement and Document, any term which has a meaning assigned to it in these Standard Terms shall have such meaning in all parts of the Purchase Agreement.

## 4. ACCEPTANCE

The Purchase Order is Buyer's offer to Seller for the particular goods ("Goods") to be provided hereunder, and the Purchase Agreement forms the entire agreement between Buyer and Seller relating to the Goods and supersedes any other agreement or understandings, oral or written, made prior to the date of the Purchase Order concerning such work. This offer shall become a binding contract on the terms stated herein when it is accepted either by acknowledgement, performance, or delivery. Acceptance of the Purchase Order by Seller

is limited to acceptance of all terms and conditions contained in the Purchase Agreement. Any different or additional terms and conditions, amendments, modifications, or qualifications proposed by Seller in an order acknowledgement or acceptance or otherwise shall apply and form part of the agreement and understanding of the Parties relating to the Goods only if and to the extent they are included in an agreement by way of a change order issued by Buyer and accepted by Seller. Nothing in any invoice, shipping document or other similar document that differs from or conflicts with the Purchase Agreement or these Standard Terms shall apply or form part of the agreement and understanding of the parties relating to the Goods.

## 5. PACKING – SHIPPING

All Goods shall be prepared for shipment and packed to prevent damage or deterioration, with shipment secured from the lowest transportation rates, in compliance with carrier tariffs. No charges will be paid by Buyer for preparation, packing, crating or cartage unless separately stated in the Purchase Order. All shipments to be forwarded on one day via one route shall be consolidated. Each container shall be consecutively numbered and marked with purchase order and part numbers. Container and purchase order numbers shall be indicated on bills of lading. Packing slips showing the purchase order number, shall be attached to the No. 1 container for each shipment. Any Goods sold f.o.b. place of shipment shall be forwarded prepaid or collect as directed by Buyer. Seller shall make no declaration concerning value of Goods shipped, except on Goods where tariff rate(s) are dependent upon a released or declared value, in which event such value shall be released or declared at the maximum value for the lowest rate(s).

## 6. SHIPMENT – DELIVERY

Delivery of Goods shall be in accordance with the applicable Incoterm (as defined in Incoterms 2020 published by the International Chamber of Commerce) or other delivery term specified in the Supply Agreement (if any), the Purchase Order or any Special Terms. Time is of the essence in the performance of the Purchase Agreement. Shipments or deliveries or performance of services shall be strictly in accordance with the delivery schedule specified in the Supply Agreement (if any), the Purchase Order or any Special Terms. If it appears Seller will not meet such schedule, then in addition to Buyer's other remedies, Seller shall promptly accelerate work and notify Buyer in writing of any delay and, if requested by Buyer, ship via air or expedited routing to avoid or minimize delay to the maximum extent possible, the added cost to be borne by Seller. Goods are not to arrive at Buyer facilities late or more than five (5) business days prior, unless otherwise specified, to the scheduled delivery date reflected on an individual purchase order.

## 7. FORCE MAJEURE AND NOTICE OF LABOR DISPUTES

- a. Neither party shall be liable for any delays in delivery or payment caused by circumstances beyond its control including acts of God or of the public enemy, acts of the United States Government, fire, floods, epidemics, quarantine restrictions, strikes, or embargoes. When any delays in delivery will occur or are anticipated, Seller shall immediately give notice thereof to Buyer.
- b. Whenever an actual or potential labor dispute is delaying or threatening to delay the performance of the Purchase Order, Seller shall immediately give written notice thereof, including all relevant information with respect thereto, to Buyer.

## 8. INVOICES – PAYMENT

- a. Invoices shall not be issued, nor payments made prior to shipment, unless otherwise stated. Individual invoices must be issued for each shipment under the Purchase Order. Unless otherwise stated in the Purchase Order or any Special Terms, payment terms are Net 45 from date of invoice. Buyer reserves the right to accept more favorable payment terms if presented by Seller. Discount invoices will be payable based on applicable discount period computed from the date of scheduled or actual delivery of the Goods ordered or the date of receipt of the correct invoice, whichever is later. Unless freight and other charges

are itemized, any discount will be taken on full amount of invoice. All payments are subject to adjustment for shortage or rejection.

- b. If Buyer is disputing an invoiced amount, Buyer may withhold payment of the disputed amount until the dispute is resolved.
- c. All amounts due or to become due from Buyer to Seller shall be subject to deduction or set-off by Buyer by reason of any claim or counterclaim it or any of its affiliates may have arising out of the Purchase Order or any other purchase order, agreement, or transaction with Seller or any of its affiliates.
- d. Neither payment for nor use or inspection of Goods by Buyer or any of its affiliates shall be deemed to be acceptance by Buyer of such Goods by Buyer. Payment to Seller shall not release or relieve Seller of any of its liabilities and obligations under the Purchase Order. Payment of an invoice shall not prejudice Buyer's right to dispute such invoice at any time thereafter.

## 9. PRICES

- a. The prices payable by Buyer for the Goods ordered shall be the prices stated in the Purchase Order. Except for any adjustments that may be provided for in the Supply Agreement (if any), the Purchase Order or in any Special Terms, all prices are fixed and firm. Prices include and cover all design and engineering work, tooling, dies, equipment, materials, parts and components, testing, certifications, packaging, packing, crating, labeling, handling, storage and services related to such Goods, unless otherwise specified.
- b. Seller warrants that the prices of the Goods covered by the Purchase Order are not in excess of Seller's lowest prices in effect on the date of the Purchase Order for comparable quantities of similar Goods.
- c. Unless otherwise expressly stated, all prices are in U.S. Dollars.

## 10. WARRANTIES

In addition to any other express or implied warranties or warranties set forth in these Standard Terms, the Special Terms or a Supply Agreement, Seller warrants that all Goods delivered under the Purchase Order will (i) be merchantable, (ii) be free from defects in materials and workmanship, (iii) comprise only materials and goods which are new and original, (iv) conform to the requirements of the Purchase Agreement including but not limited to, the applicable descriptions, specifications and drawings, (v) be free from defects in design and (vi) be suitable for the purposes intended by Buyer. Buyer's approval of a design furnished by Seller shall not relieve Seller of its obligations under this warranty. Seller's liability under this warranty clause shall include, but is not limited to, at Buyer's election, rework, replacement, or return for credit all defective or nonconforming Goods, the payment of all removal and re-installation costs not to exceed twenty percent of the price paid for the Good(s), and the payment of all packing and transportation costs attributable to accomplishment of the above, all at Seller's expense. The warranty of Seller, together with its service warranty and guarantee, if any, shall run to Buyer and its customers.

## 11. APPROVED SOURCES; COUNTERFEIT PARTS PREVENTION

- a. Definitions.
  - i. "Counterfeit Parts" shall mean a part, component, module, or assembly whose origin, material, source of manufacture, performance, or characteristics are misrepresented. This term includes, but is not limited to, (A) parts that have been (re)marked to disguise them or falsely represent the identity of the manufacturer, (B) defective parts and/or surplus material scrapped by the original manufacturer, and (C) previously used parts pulled or reclaimed and provided as "new".
  - ii. As used herein, "authentic" shall mean (A) genuine; (B) from the legitimate source claimed or implied by the marking and design of the products offered; and (C) manufactured by, or at the behest and to

the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.

- iii. "Independent Distributor" shall mean a person, business, or firm that is neither authorized nor franchised by an Original Component Manufacturer ("OCM") to sell or distribute the OCM's products, but which purports to sell, broker, and/or distribute such OCM products. Independent Distributors are also referred to as un-franchised distributors, unauthorized distributors, and/or brokers.
- b. Seller represents and warrants that only new and authentic materials are used in Goods required to be delivered to Buyer and that the Goods delivered contain no Counterfeit Parts. No other material, part, or component other than a new and authentic part is to be used unless approved in advance in writing by Buyer. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, Seller shall only purchase authentic parts/components directly from the Original Equipment Manufacturers ("OEMs") or through the OEM's authorized distribution chain. Seller must make available to Buyer, at Buyer's request, OEM documentation that authenticates traceability of the components to that applicable OEM. Purchase of parts/components from Independent Distributors is not authorized unless first approved in writing by Buyer. Seller must present complete and compelling support for its request and include in its request all actions to ensure the parts/components thus procured are legitimate parts. Buyer's approval of Seller request(s) does not relieve Seller's responsibility to comply with all Purchase Agreement requirements, including the representations and warranties in this paragraph.
- c. Seller shall maintain a documented system in accordance with SAE AS5553 and SAE AS6174 as applicable (policy, procedure, or other documented approach) that provides for prior notification and Buyer approval before parts/components are procured from sources other than OEMs or through the OEM's authorized distribution chain. Seller shall provide copies of such documentation for its system for Buyer's inspection upon Buyer's request.
- d. Acceptance of the Purchase Order constitutes confirmation by Seller that it is either the Original Equipment Manufacturer (OEM), Original Component Manufacturer (OCM), or a franchised or authorized distributor of the OEM/OCM for the Goods herein procured, unless otherwise specified. Seller further warrants that OEM/OCM acquisition documentation that authenticates traceability of the components to that applicable OEM is available upon request. If Seller is not the OEM/OCM or a franchised or authorized distributor, Seller confirms by acceptance of the Purchase Order that each Good supplied to Buyer has been procured from the OEM/OCM or a franchised or authorized distributor of the OEM/OCM. Seller further warrants that OEM/OCM acquisition traceability documentation is accurate and available to Buyer upon Buyer's request.
- e. Seller shall flow the requirements of this Section 11 to its subcontractors and suppliers at any tier for the performance of the Purchase Agreement.
- f. Seller's quality system and counterfeit avoidance procedures are subject to review and analysis with appropriate notice by the Buyer representative and/or authorized Government representatives. This includes surveillance of products, systems, procedures, facilities and records associated with components they have purchased. The responsibility for quality functions and counterfeit avoidance procedures shall be clearly identified within Seller's organization. Personnel performing these functions shall have sufficient authority and independence to evaluate the problems and to initiate and recommend corrective action.

## 12. INSPECTION

All Goods covered by the Purchase Order shall be subjected to inspection and test by Buyer and its customers to the extent practicable at all times and places including the place and period of manufacture. Buyer or its representative (customer, regulatory agency, etc.) may have access for review and/or inspection of the plant

or plants of Seller or of any of Seller's subcontractors engaged in the performance of the Purchase Agreement. Seller shall provide, without additional charge, all reasonable facilities and assistance for such inspections and tests. Any such inspection or test by Buyer or its customer shall be performed in such a manner as not to unduly delay the work. No inspection, test, approval (including design approval), or acceptance of Goods ordered shall relieve Seller from responsibility for defects or other failures to meet the requirements of the Purchase Agreement. All Goods are subject to final inspection and acceptance by Buyer at destination notwithstanding any prior payment or inspection at source and such inspection will be made within a reasonable time after delivery.

### 13. REJECTION

Buyer shall have the right to reject, require correction or accept with an equitable adjustment in the price any Goods delivered hereunder which are defective or otherwise not in strict conformance with the requirements of the Purchase Agreement. Buyer shall notify Seller of such rejections or other actions and at Buyer's election and Seller's risk and expense such Goods shall be held by Buyer or returned to Seller for credit, refund, rework, or replacement as directed by written instructions from Buyer. No replacement or correction of defective Goods shall be made by Seller unless agreed to in writing by Buyer.

### 14. TITLE AND RISK OF LOSS

Title and risk of loss or damage to each Good shall pass to Buyer upon delivery in accordance with the applicable Incoterm; provided, however, (i) if Buyer issues a notice of rejection for a Good pursuant to Section 13, then notwithstanding the applicable Incoterm, title and risk of loss or damage to such Good shall revert to Seller; (ii) if and to the extent Buyer makes any payment for a Good prior to delivery in accordance with the applicable Incoterm, title to such Good shall vest in Buyer at the time of payment (but risk of loss or damage shall remain with Seller); and (iii) notwithstanding the applicable Incoterm, Seller shall bear all risk or loss or damage to a Good due to improper or inadequate packaging, packing, crating or marking or to errors in shipping documents unless and except to the extent attributable to acts, errors or omissions of Buyer.

### 15. CHANGES

Buyer may at any time by written notice make changes within the general scope of the Purchase Agreement in any one or more of the following: (i) drawings; (ii) designs; (iii) specifications; (iv) method of shipping or packing; (v) place of inspection, delivery, or acceptance; (vi) quantities; and (vii) schedules. Seller shall proceed immediately to perform the Purchase Agreement as changed. If any such change causes an increase or decrease in the cost of, or time required for performance of any part of the work under the Purchase Agreement an equitable adjustment in the Purchase Agreement price and/or delivery schedule will be made. Any claim for adjustment under this section will be deemed to be waived unless asserted in writing (including the amount of the claim) and delivered to Buyer within twenty (20) days from the date of receipt of Seller of the change order or written notice or within such further time as may be agreed upon by the parties.

### 16. INTELLECTUAL PROPERTY

a. Seller shall not make any unauthorized use of any third-party intellectual property or incorporate or otherwise use any unauthorized third-party intellectual property in the Goods or services provided to Buyer. Seller shall save Buyer, its agents and customers, and users of its products harmless from all loss, damage and liability which may be incurred on account of infringement or alleged infringement of any third party intellectual property rights, including without limitation any United States or foreign patent, copyright, trade secret, trade or other mark arising out of the manufacture, sale or use of such Goods or services by Seller, Buyer, Buyer's agents or customers, or users of its products. Seller shall, at its own expense, defend all claims, suits and actions against Buyer, its agents or customers, or users of its products in which such infringement is alleged, provided Seller is duly notified of such claims, suits and actions.

- b. To the extent any Good incorporates or makes use of any patent, copyright, trade secret or other intellectual, industrial or proprietary right of Seller or any of its suppliers or subcontractors, Buyer, each of its affiliates, each of its and their respective customers, and each other user, distributor, seller or reseller of such Good shall have and be granted an irrevocable, perpetual, non-exclusive, fully paid, royalty-free, world-wide right and license (with right of sublicense) under such patent, copyright, trade secret or other intellectual, industrial or proprietary right to use, distribute, sell, resell, support and modify such Good as and to the extent Buyer, any of its affiliates, any of its or their respective customers, or any other user, distributor, seller or reseller of such Good may in its sole discretion determine to be necessary, desirable or appropriate.

#### 17. ASSIGNMENT, DELEGATION AND SUBCONTRACTS

No assignment of any rights, including rights to moneys due or to become due hereunder, nor any delegation of duties, obligations or liabilities under the Purchase Agreement shall be binding upon Buyer until Buyer's written consent thereto has been obtained. No Goods to be delivered under the Purchase Order shall be procured by Seller from a third party in completed or substantially completed form without Buyer's prior written consent. For this purpose, assignment shall include any change in the control of Seller; provided that in the case of a voluntary change in control, if Seller provides Buyer not less than 90 days advance written notice of such change in control and Buyer has not objected to such change in control within that notice period, Buyer shall be deemed to have consented to such change in control.

#### 18. TERMINATION

By written notice directed to Seller, Buyer may terminate for Buyer's convenience all or any part of the Purchase Order. In such event, the Purchase Order price shall be equitably adjusted: provided, such adjustment shall not exceed the Purchase Order total price, nor allow any amount for cost or anticipated profit for performance not rendered: provided further, Seller's written claim for adjustment is received within thirty (30) days following the effective date of termination set forth in Buyer's written notice. Such termination shall not relieve Buyer or Seller of their respective obligations as to any un-terminated portions of the Purchase Order. Upon receipt of a termination notice, Seller shall stop work to the extent specified in the notice and take such other action as may be necessary or as Buyer may direct for the transfer, protection, preservation of property and contract rights which are related to the termination, and to minimize the cost of termination, to and for the benefit of Buyer.

#### 19. CANCELLATION – CAUSE

- a. If Seller fails to make delivery of the Goods, or fails to perform the services, in accordance with the delivery dates specified in the Purchase Order or fails to perform any other provision of the Purchase Agreement, Buyer may (in addition to any other right or remedy provided by the Purchase Agreement or by law) terminate all or any part of the Purchase Order by written notice to Seller without liability and purchase substitute goods elsewhere. In the event of such termination, Seller shall be liable to Buyer for any excess cost occasioned by Buyer. Seller shall continue performance of the Purchase Order to the extent not terminated pursuant to this Section 19.
- b. Except with respect to defaults of subcontractors at any tier, Seller shall not be liable to Buyer if the failure to perform the Purchase Agreement arises out of causes beyond the control and without the fault or negligence of Seller. If the failure to perform is caused by the default of a subcontractor at any tier, and if such default arises out of causes beyond the control of both Seller and subcontractor, and without the fault or negligence of either of them, Seller shall not be liable to Buyer unless the goods or services to be

furnished by the subcontractor were obtainable from other sources in sufficient time to permit Seller to meet the requirements of the Purchase Agreement.

- c. If the Purchase Order is terminated as provided in this Section 19, Buyer, in addition to any other rights provided herein, may require Seller to transfer title and deliver to Buyer (i) any completed Goods, and (ii) such partially completed Goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights as Seller has specifically produced or specifically acquired for the performance of the Purchase Agreement. If, after notice of the termination of the Purchase Order "with cause," it is determined that the failure to perform is due to causes totally beyond the control and totally without the fault or negligence of Seller, such notice of default shall be deemed to have been issued pursuant to Section 18 hereof, and the rights and obligations of the parties hereto shall be governed by such Section 18.

## 20. COMPLIANCE WITH LAWS

- a. In the performance of the Purchase Agreement Seller shall comply with all federal, state and local safety laws, the provisions of the Fair Labor Standard Act (FLSA) of 1938, as amended, the Equal Opportunity provisions of Presidential Executive Orders, including without limitation, Executive Order 13496, Notification of Employee Rights under Federal Labor Laws (29 CFR Part 471, Appendix A to Subpart A), and all other applicable federal, state and local laws, regulations, rules and ordinances (collectively, "applicable laws"). Seller agrees, upon request, to furnish Buyer a certificate regarding FLSA compliance or compliance with other applicable laws in such form as Buyer may from time to time require. Seller agrees to indemnify and hold Buyer harmless to the full extent of any loss, damage, or expense (including attorneys' fees) which Buyer may incur as a result of Seller's violation of any applicable laws.
- b. Seller warrants that Seller has not been and is currently not excluded, debarred, suspended or otherwise declared ineligible by any governmental, regulatory or administrative body, agency, board or authority from providing any good and/or supplying any service of the type included in the Purchase Order or is the subject of any investigation, action or proceeding that could lead to such party being excluded, debarred or suspended or otherwise declared ineligible by any governmental, regulatory or administrative body, agency, board or authority from providing any good or service of the type included in the Purchase Order.

## 21. PUBLICITY AND DISCLOSURE

- a. No press release, advertisement, or other disclosure relating to the Purchase Agreement shall be made without Buyer's prior written approval. Seller shall require all of its subcontractors to comply with these requirements and shall be liable for any failure of its subcontractors to comply with this requirement.
- b. Seller shall keep confidential all designs, processes, drawings, specifications, reports, data and other technical or proprietary information and the features of all parts, equipment, tools, gauges, patterns, and other Goods furnished or disclosed to Seller by Buyer in connection with the Purchase Agreement, unless otherwise provided herein or authorized by Buyer in writing. Seller shall use such information and Goods, and the features thereof, only in the performance of the Purchase Agreement. Upon completion or termination of the Purchase Order, Seller shall return all such information and Goods to Buyer or make such other disposition thereof as may be directed or approved by Buyer.
- c. Seller shall notify Buyer immediately if any Buyer proprietary data is physically or electronically obtained by unauthorized parties such as, but not limited to, a data breach of Seller's IT systems.

## 22. WAIVER

No failure on the part of either Party in exercising any right or remedy under the Purchase Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any other right or remedy under the Purchase Agreement,

in law or in equity, conferred by statute, or otherwise. A waiver by or on behalf of a Party of any breach of the Purchase Agreement shall not be binding upon such Party unless it is in writing executed by such Party. A waiver shall not operate as a waiver of any future breach, whether of a like or different character, except to the extent specifically provided in such waiver.

23. HAZARDOUS MATERIAL PACKAGING, LABELING AND SHIPPING

Seller shall package, label, transport and ship hazardous materials or Goods containing hazardous materials in accordance with all applicable federal, state and local laws and regulations including but not limited to current published issues of tariffs and regulations reflecting 49 Code of Federal Regulation Articles 100-199 and shall furnish appropriate Safety Data Sheets. Seller shall ensure that all shipping documents are properly identified as hazardous material and specify any handling and storage requirements on all shipping documents.

24. HOLD HARMLESS AND INDEMNIFICATION

Seller shall be liable for and indemnify and hold harmless Buyer and its affiliates from and against any and all Losses, liabilities, damages, damage awards, judgments, settlements, indemnification payments, charges, fines, penalties, taxes, duties, costs and expenses of any kind, including, but not limited to, attorneys' fees', experts fees and other legal costs and expenses in connection with investigating, defending and settling claims and, actions, lawsuits, proceedings and demands related thereto (collectively "Losses") which they, or any of them, may suffer, sustain, become subject to, pay or incur to the extent the same arise out of or in connection with or are attributable to (i) any breach of the Purchase Agreement by Seller or any of its officers, employees, directors or subcontractors or resulting from any act, error or omission (whether or not negligent) on the part of Seller or another of its officers, employees, directors or subcontractors, (ii) any negligent act, error or omission, willful or intentional misconduct, or noncompliance with any applicable law on the part of Seller or any of its officers, employees, directors or subcontractors in connection with any Good or the Purchase Agreement, or (iii) any claim, action, lawsuit, proceeding or demand any third party may assert against Buyer or any of its Affiliates that arises out of or in connection with or is attributable to any matter referred to in clause (i) or (ii) above; provided, however, that Seller shall have no liability or obligation for Losses to the extent the same arise out of or in connection with or are attributable to any (A) any breach of the Purchase Agreement by Buyer or resulting from any act, error or omission (whether or not negligent) on the part of Buyer or any of its affiliates, or (B) any negligent act, error or omission, willful or intentional misconduct, or noncompliance with any applicable law on the part of Buyer or any of its affiliates in connection with a Good or the Purchase Agreement.

25. TAXES

Unless prohibited by law, Seller shall pay and has included in the price of the Purchase Order, as a separate line item, any federal, state or local tax, transportation tax, or other tax which is required to be imposed upon the Goods ordered hereunder, or by reason of their sale or delivery.

26. ADVERSE CHANGES TO SELLERS BUSINESS CONDITIONS

Seller shall notify Buyer of substantive changes to Seller's business that will negatively impact its business, assets, or financial condition. In this event, Buyer shall have the opportunity to renegotiate, suspend, or terminate the Purchase Agreement.

27. FAILURE TO PAY SUPPLIERS

Seller shall notify Buyer in the event that Seller's financial situation or other circumstances lead to not paying a sub-tier supplier that is part of the supply chain supporting the Goods ordered by Buyer and which results in a potential delivery delay of those Goods.

28. EXPORT LAWS AND REGULATIONS

- a. In performing its obligations under the Purchase Agreement, Seller will comply with United States export control and asset control laws, regulations, and orders, as they may be amended from time to time, applicable to the export or re-export of Goods or services, including software, processes, or technical data ("Items"). Such regulations include without limitation the Export Administration Regulations ("EAR"), International Traffic in Arms Regulations ("ITAR"), and regulations and orders administered by the Treasury Department's Office of Foreign Assets Control (collectively, "Export Control Laws").
- b. Seller shall be responsible for obtaining the required authorizations prior to conducting an export or re-export of any Items, as defined in such laws and regulations. Buyer shall reasonably cooperate with, and exercise reasonable efforts to support, Seller making the export or re-export in obtaining any necessary licenses or authorizations required to perform Seller's obligations under the Purchase Agreement.
- c. Seller shall, upon written request of Buyer, provide the Export Control Classification Numbers ("ECCNs") for each Item being delivered to Buyer as well as the ECCNs for any components or parts of each Item, if such component ECCNs are different from the ECCN of the Item at issue.
- d. Seller represents that (i) any Items, and the parts and components thereof, it is providing in conjunction with the Purchase Agreement are not currently "defense articles" as that term is defined in 22 C.F.R. § 120.6 of the ITAR and (ii) the services (if any) that Seller is providing in conjunction with the Purchase Agreement are not currently "defense services" as that term is defined in 22 C.F.R. § 120.9 of the ITAR. Seller acknowledges that this representation means that an official capable of binding Seller knows or has otherwise determined that such Items, and the parts and components thereof, are not currently on the United States Munitions List at 22 C.F.R. § 121.1. Each party agrees to reasonably cooperate with the other in providing, upon written request of the other party, documentation or other information that supports or confirms this representation, including, for example, Commodity Jurisdiction Determinations.
- e. To the extent that such Items, or any parts or components thereof, were specifically designed or modified for a military end use or end user, Seller shall notify Buyer of this fact and shall also provide Buyer with written confirmation from the United States Department of State that such Items, and all such parts or components thereof, are dual-use Items subject to the jurisdiction of the Department of Commerce.

## 29. CONFLICT MINERALS

- a. Seller must demonstrate that all gold, tin, tantalum, or tungsten (or derivative thereof) (collectively referred to as "3TG") in the products it sells to VRG were sourced from RMI RMAP conformant smelters.
- b. Supplier will at all times be able to deliver to VRG its current CMRT that has been generated through the surveying of its relevant direct suppliers within the previous 12 months using the most current version of the CMRT. The supplier is required to cascade this requirement down the supply chain to its suppliers and, in turn, require them to cascade the requirement to survey their suppliers using the CMRT at least once each year.
- c. If Buyer believes that a Good contains (or includes, makes use of or was made from a material, part or component that that contains) a 3TG whose purchase funded violence in the Covered Countries: (i) Buyer may, at its option, by providing notice thereof to Seller, suspend the Purchase Order as to such Good until Seller is able to confirm to the reasonable satisfaction of Buyer whether or not such Good contains any 3TG whose purchase funded violence in the Covered Countries; and (ii) if it is determined that such Good contains any 3TG whose purchase funded violence in the Covered Countries or if Seller is not able to confirm to the reasonable satisfaction of Buyer whether or not such Good contains any Conflict Mineral within 90 days after being requested to do so by Buyer, Buyer may, at its option, by providing notice thereof to Seller, terminate the Purchase Order as to such Good. Buyer

shall have no liability or obligation with respect to any Good as to which the Purchase Order is terminated or suspended pursuant to this Section 32 (c).

## 30. RoHS COMPLIANCE

Unless Seller has expressly and in writing informed Buyer to the contrary, Seller represents that any product delivered to Buyer under this order is in compliance with the European Union (EU) Directive 2011/65/EU on the Restriction of the Use of certain Hazardous Substances in Electrical and Electronic Equipment (RoHS Recast). In particular, the products have been tested as needed for the presence of Lead, Cadmium, Mercury, Hexavalent chromium, Polybrominated biphenyls (PBB), and Polybrominated diphenyl ethers (PBDE). For Cadmium there must be less than 0.01% of the substance by weight at raw homogeneous materials level. For Lead, PBB, PBDE, mercury and Hexavalent chromium, there must be no more than 0.1% of the material, when calculated by weight at raw homogeneous materials.

## 31. REACH COMPLIANCE

"REACH" is European Union Regulation (EC) No 1907/2006 concerning the "Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals effective June 1, 2007. Under REACH, Buyer's customers within the European Union may require that Buyer identify any Substances of Very High Concern (SVHC) from the Candidate List as defined under REACH and Buyer will need to have Seller identify any such SVHCs in its products. Upon request, Seller agrees (1) to provide to Buyer, at no increase in contract price, information regarding any SVHC's present in Seller's products, including the SVHC's name, amount contained, by weight, total part weight and safe usage information, based on the Candidate List in place at the time of receipt of request, (2) to submit response within 45 days upon receipt of request, and (3) to permit Buyer to disclose such information to its customers or regulatory authorities for the purpose of compliance with the REACH regulation. If at any time, the product's chemical composition change after a response is provided, Seller is required to provide Buyer with the revised information. Buyer reserves the right to request REACH information up to thirty-six months after last shipment of a product by Seller to Buyer.

## 32. ETHICS

- a. Seller shall ensure that the importance of ethical behavior, protection of human rights, and protection of the environment is communicated to its employees and to its sub-tier suppliers as appropriate for the type of business and as required by local rules/regulations.
- b.
